Relation: Friend from Orchard Haven

Hi, I work at Orchard Haven right beside Kyalami and I had the pleasure to know your dad briefly. He was a good friend to one of our folks who wasn't with us long but your dad said he had worked for him up North. I think trucking.

Your dad started to visit his friend and always had time to talk to JoJo our Cockatiel. Some days he just came in to talk to him.

He was very kind, always had time for a quick chat and a person would walk away feeling happy for the moment spent with him.

He may not have realized it but he made a difference in the lives of the residents who went outside for a smoke and the staff he spoke to. We were all a little frazzled after Covid and his stories and way he spoke about his past was so nice to hear.

Just last week asking about him and hoped he was ok. But like you said he's breathing easy now and will welcome you all with open arms.

It was a privilege to have spent a short time with him. Take care

Relation: Friend

So sorry to hear of Fred's passing condolences to all of the family. He hauled logs in Houston for many years and was a favourite personality at the scale house. His quick wit and sharp sense of humour was always welcome entertainment. I will always remember his big smile while wearing his silver aluminum hard hat.
