Nick and Ruth were our back lane neighbors for many years. It still amazes me how she turned every bedroom and closet into a canning pantry.. Ruth always had a big smile, and she had a big heartmy condolences to Phillis and family

**Tribute from RenÃ©e Desnoyer**

I was always astonished by your vibrancy and the amount that you could accomplish while making it appear to be effortless. You always had a garden in which fairies would be delighted to live in. Your combinations while canning were inspirational and oh so yummy. I admired and envied your abilities, then I decided I wanted to be a little more like you. I still have a long way to go since my last attempt at canning had half the lids popping but I shall keep trying and think you every time I do.
