**Tribute from Travis Beaulieu**

My Brother...you were so loved and always will be!

**Tribute from Tiana Spencer**

Relation: He was my boyfriend

Coming up on 2 years since you left this earth... Still feels like yesterday. I hope you're looking down on all of us that love you and keeping us safe until we join you. I'm at peace knowing you're not struggling anymore. A piece of you is forever imbedded in my heart and I live everyday for the both of us. I wish god didn't call you home before you experienced all you dreamed of, but he must have had a better plan for you. I miss you everyday and I will love you til the end of time. I didn't realize til after I lost you that you are the love of my life and I regret not spending every second I could with you, maybe then you wouldn't have walked the path you had. You are forever in my heart and I think of you often. Rest in peace love, save me a spot by your side and watch over me until we can meet again. I love you Tyler! To the moon and back!
